

THE WORKSTATION

AN EXPERIMENTAL AGRICULTURAL ANALYZER

This three-bank subtle energy powerhouse includes everything needed for the daily management of agricultural assets, including crops, water, feed, seed, herds and other livestock.

- **Standard:** **360 degree rate dial** on Bank 3 allows exploration of the full scalar waveform
- **Standard:** Beautiful **oak cabinet**.
- **Standard:** Cutting-edge **silver Sephorah** geomantic signal multiplier increases effectiveness in the face of fluctuating magnetic fields.
- **Standard:** Integrated phase array antenna increases broadcast power while **maximizing reaction plate sensitivity**.
- **Standard:** Large secondary **coil antenna** driven by 4 stage amplifier.
- **Standard:** Parallel plate capacitors generate **analog scalar wavelengths** as accurate as the sensitivity of the operator with no lost harmonics.
- **Standard:** Make your own liquid and solid potencies with the integrated **Electronic Potentizer**.
- **Standard:** 10X intensity dial delivers **exceptional precision detection**.
- **Standard:** Flexible 12 to 300 Hour Adjustable Timer **eliminates danger** of over balancing.
- **Standard:** Deliver pulsed or continuous **ELF frequencies** at 7.83 Hz, 8.0 Hz, 9.0 Hz or 10.0 Hz with the flip of a switch, or add an external signal generator using the shielded BNC input port.
- **Standard:** **Detect and/or monitor** interference fields using the Null Field Detector.
- **Standard:** Clear residual scalar and other waveforms with the integrated **magnetic clearing circuit**.

THE WORKSTATION LARGE AGRICULTURAL ANALYZER.....\$4,850.00
THE WORKSTATION (with Pyrex input and imprint wells).....\$5,000.00

Upgrade: Every **Workstation** agricultural radionic analyzer comes equipped with a factory-installed 32 Phase (4 plate) Phase Array Antenna! Save big by upgrading to a 40 or 48 phase array at the time of purchase:

Integrated Phase Array	Parallel Plates	Phase Array Price	Use with External Phase Array Antenna	
32 Phase	4	no charge	32 Phase (4 plate)	64 Phase (8 plate)
40 Phase	5	\$75	40 Phase (5 plate)	80 Phase (10 plate)
48 Phase	6	\$150	48 Phase (6 plate)	96 Phase (12 plate)

The Kelly Research Technologies Guarantee

All Kelly Research Technology radionic analyzers, subsystems and devices are covered by our 100% satisfaction guarantee. Send your purchase back undamaged within 30 days and we will refund your money, no questions asked.
