

# The Quantum Agriculture Instrument

Kelly Research Technologies is happy to announce The Quantum Agriculture Instrument: a successful collaboration with Hugh Lovel and Shabari Bird of Quantum Agriculture. This all-digital four-bank potentiating and broadcasting tool may be used in preparing biodynamic preparations for the farm and garden. Key features:

- **Four Input Banks**, each equipped with a Malcolm Rae card reader driven by a neodymium magnet, a Pyrex sample well, and a digital Potency circuit with a range from 1X to 10MM.
- **Dual Auxiliary Inputs** with banana and 1/8" (3.5mm) jacks for connection with all KRT analyzers and external signal generators.
- **Digital Timer**: 1-minute resolution and a max of 24:59.
- **Phase Selection**: Imprint or broadcast in or out of phase.
- **Pulse Interrupter** function that operates at 4.0 Hz, 7.83 Hz, and 12.0 Hz for maximum signal penetration.
- **Pyrex Imprinting Well** for capture of energetic waveforms.
- **Dual Auxiliary Outputs** with banana and 1/8" (3.5mm) jacks for connection with all KRT antenna and other devices.
- **Lithium-Ion Battery** delivers ~30 hours of service, then recharges automatically when plugged into an outlet.
- **Durable ABS Case** ensures the Quantum Ag instrument is ready to use in the field or in the office.

## KRT Down Under: Order your instrument in Australia!

Effective immediately, all orders for Kelly Research Technologies clients in Australia will be fulfilled by Universal Energy Clearing, a firm established by Queensland farmer Heinz Guggler to share knowledge, techniques, and tools for successful radionics and dowsing. Says Heinz:

*My journey started in 2008 when I met Hugh Lovel and Shabari Bird. Through working with biological, organic and bio-dynamic principles, I was introduced to working with subtle energies. With this knowledge, I now help other farmers, private residents, businesses and alternative practitioners from all over the world to clear detrimental energy in their environment and surroundings. I quickly realised that this is where my true passion lies; I want nothing more than to share this gift with others.*

*The tools I use the most are the pendulum and the radionics instrument. The pendulum is used mostly when I do house, business, farm and personal space clearings. I use radionics for scanning and balancing farms and animals, to deter pests and weeds and to enhance the overall crop vitality.*

We are very happy to have forged this new partnership with Universal Energy Clearing, who is equipped with a full inventory of KRT equipment for quick and easy order fulfillment, and none of the hassles of international shipping and currency conversion. **Universal Energy is also hosting KRT President Ed Kelly on August 18-19, 2018, in Gympie, Queensland, to conduct the first-ever KRT Basic Radionics workshop in Australia!** The response has been enthusiastic and only a few spots remain! To register for the workshop, purchase equipment, or for other information please visit:
